# Ironman® Detention Series

Toughest of the tough. Qualifications required. Survival of the fittest. Withstands the challenge. An apt description of the Ironman line of steel cell products from Norix. Engineered for harsh environments and tough treatment. Manufactured for "peace-of-mind" installation. Ironman products require minimal maintenance and won't come back to haunt you later. No loose parts to break or convert into weapons. No cavities to hide contraband. No worries!

## Steel Bunks

Single bunks. Double bunks. Triple Bunks. Floor-mount or wall-mount. Fully welded or bolt-together with tamper-resistant hardware. With or without attached slide rails for the exclusive Norix property boxes. Constructed for quality and reliability. Not built down to meet a low price.

## Property Boxes

Specially formulated structural plastic, pound for pound, twice as rigid as steel. Resistant to impact, stains and scratches. Won't rust. Passes California TB-133 flammability test. One-piece, injection molded, maintenance free construction. Four sizes from Legal/Letter to Extra Large Foot-locker. Grey only. 100% recyclable.

## Cuff Bench

Bolt-down, floor or wall mounted 12 gauge steel benches with cuff rings for transit and intake areas. Standard lengths available in 4', 6' and 8'. Custom sizes and cuff ring placement available. Powder coat finish for durability and easy maintenance. Prime coat finish or stainless steel top also available.

## Econo-Max® Tables

These versatile 4, 6 or 8 seat tables are perfect for detention and other intensive-use environments. Bolts to floor through each seat leg. Quietcore™ option can be free-standing. Top options for 4 and 6 seat round tables include Quietcore™, our exclusive stainless steel wrapped around a sound-deadening core or stainless steel. Great for dayrooms, dining areas or libraries. Optional game top available.

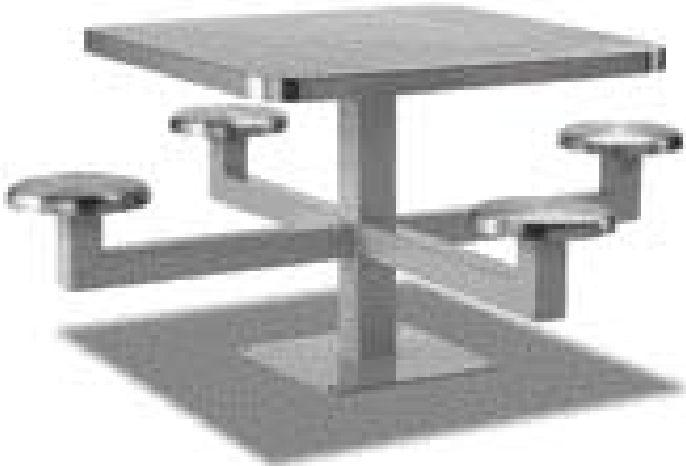

## Heavy Duty Table

Designed specifically for detention dining and day rooms. Unique 40" x 40" square top with rounded corners. 14 or 10 gauge mild steel or stainless steel top, with full 1/4" reinforced steel support plate welded to underside of top surface. A layer of sound-deadening silicone is sandwiched between top surface and support plate. 12" diameter stainless steel seats. Bolts to floor. Available in powder coat or primed. Game top option.

## Pedestal Table

This fully-welded table set the standard for intensive-use environments. 14 or 10 gauge mild steel or stainless steel top, with 1/4" reinforced steel support plate welded to underside of top surface. A layer of sound-deadening silicone is sandwiched between top surface and support plate. 12" diameter stainless steel seats. Bolts to floor. Available in powder coat or primed, and in 4, 6 and 8 seat options. Game top option.

## Cell Desk

Designed and constructed specifically for in-cell use. Four-leg bolt-down for maximum security. Powder coat finish on frame. Stainless steel or powder coat on top. Hinged swing-out seat in stainless or Super Slammer Stone®. Storage shelves and towel bar standard.

## Wall Hung Cell Desk

Enclosed box design provides incredible strength. 16 gauge stainless or powder coated steel. Sound deadening insulation can be added on site.

## Floor Mount Stool

11 gauge tubular steel is fully welded at both ends to  $\frac{1}{4}$ " thick steel mounting plates. Powder coated for maximum scratch and corrosion resistance. Stainless steel or Super Slammer Stone® seats.

## Econo-Max® Cell Desk

Super strong and functional, the Econo-Max cell desk mounts simply to the wall and uses one floor anchor hidden in the seat stem. 11 gauge stainless steel top and 14 gauge steel tube base. Stainless steel or Super Slammer Stone® seats.

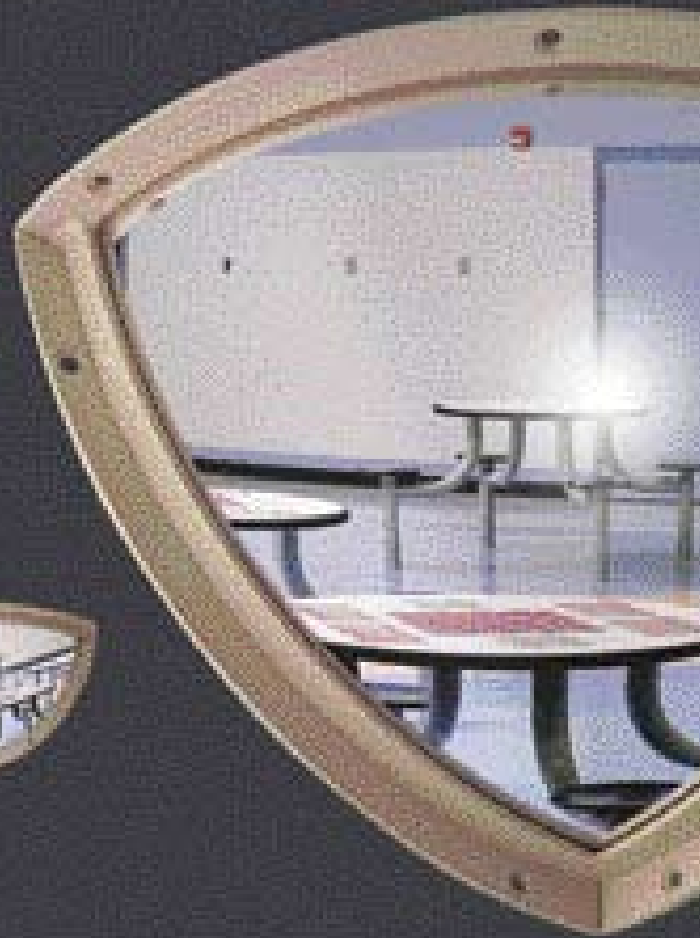

## Wall Mounted Seat

Choice of fixed or swivel.  $\frac{1}{8}$ " thick wall rectangular steel tube welded to 6" x 6" x  $\frac{1}{4}$ " thick steel plates for mounting to wall and seat. Seat choices include stainless steel and Super Slammer Stone®.

## DuraVision™ Convex Mirrors

The only convex mirrors designed specifically for correctional environments. Fully welded powder coated steel frame. Tough, resilient polycarbonate face with pure silver reflective coating. Enclosed foam insert fills cavity to reduce flexing and improve strength. Great for enhancing security and reducing blind spots.

## Speaker Port

6" diameter cast stainless steel port provides natural voice transmission. Level III bullet-resistant.

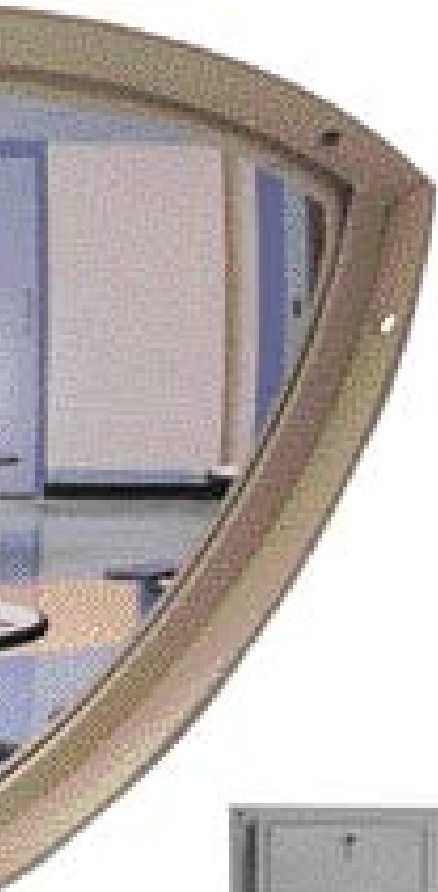

## Deal Tray

Stainless steel drop-in tray is recessed into counter top opening for flush appearance.

## Cell Mirror

One-piece #430 stainless steel. Highly polished #8 finish. Two standard sizes: 9 1/2" x 11 1/4" and 11 1/4" x 17 1/4". Mount direct to wall or with an optional 1/4" thick steel backer plate. Optional embed plate also available.

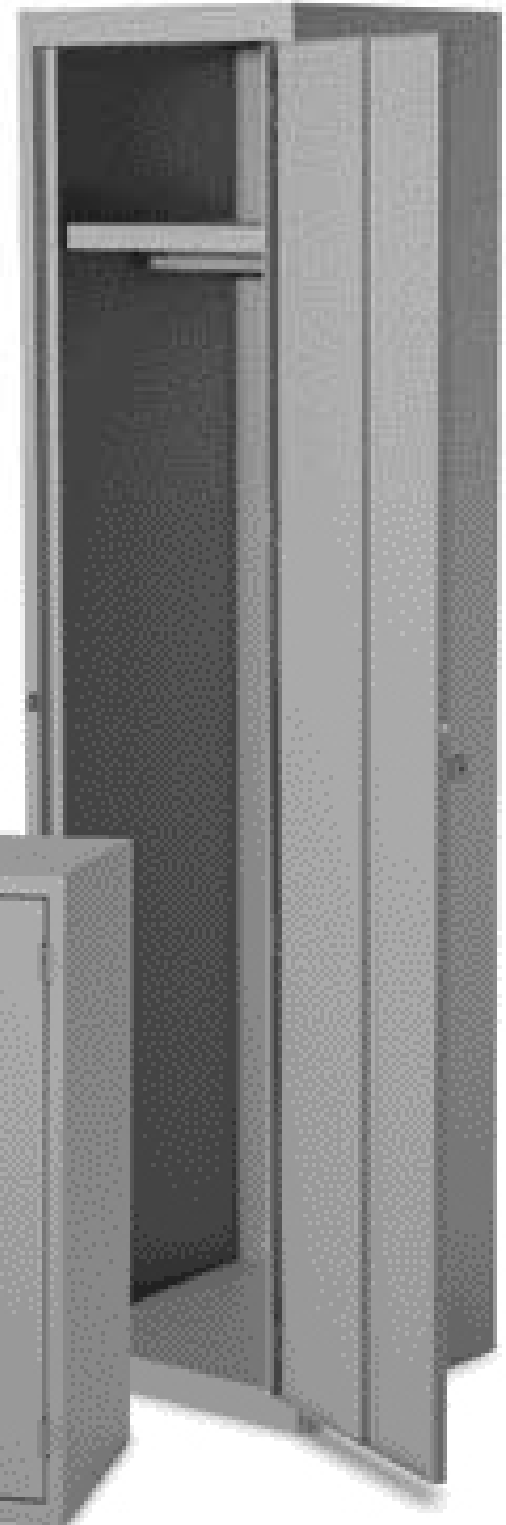

## Key Cabinet

A place for everything.  
Everything in its place.  
Keep your security keys  
in a locked steel cabinet.

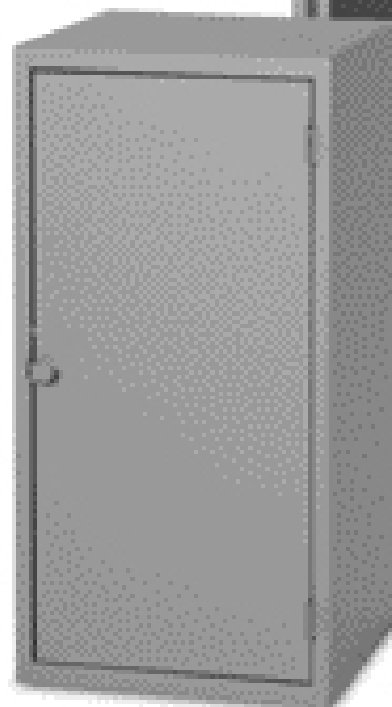

## Pistol Locker

Keep your officer's pistols in a  
locked steel cabinet. Monitor  
the cabinet if you want to, but  
the solid construction will  
convince you that supervision  
is an option.

## Lockers

Durable locker ideal for trustee clothes  
storage or for use in property rooms.  
Integral vertical door jamb prevents doors  
from being pushed inward. Includes one  
fixed shelf and padlock hasp pull. 72"  
height model includes "J" channel hanging  
device for safety & security. Mesh locker  
allows for visual view inspections and  
ventilation. Pre-drilled for wall anchoring.

## Fasport™

Fasport is a multi-purpose access port, designed to provide enhanced safety and security in the deployment of tactical devices. Mounts easily in glazing panels. It is for use in control rooms, dayrooms, corridors, etc. Opens quickly from the secure side. Snaps shut to re-secure. Also is a secure package pass for keys, paperwork, etc.

## Package Pass

The stainless steel Package Pass has interconnected doors that operate like a sally port. One door must be closed before the other can be opened. Vision panel in rear door allows operator to view contents of the unit.

## Pass Hopper

The stainless steel Pass Hopper is a simple tilt mechanism that latches on one side.

## Food Pass

A simple hinged door that unlatches and opens 90° to provide a pass shelf. Solid steel construction with a primer coat finish.

## Access Panel

Standard steel access panels measure 24"W x 36"H. Includes frame, fully welded hinges and primer finish. Optional locks available.

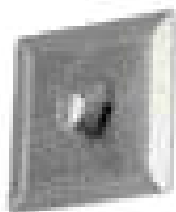

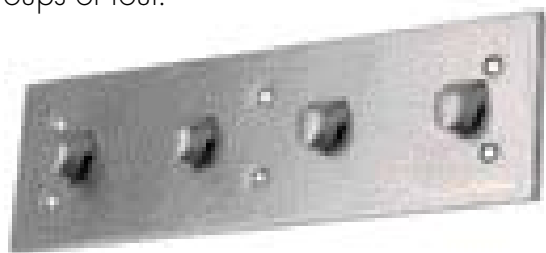

## Recessed Shelf

No sharp corners or edges protruding from the wall to inflict injury. The chase-mounted recessed shelf comes in easy-to-clean stainless steel.

## Towel Hooks

Holds towels or clothing articles safely without the use of protruding pegs or hooks. The chase or surface mounted towel hooks come in stainless steel. Choose from single towel hooks or groups of four.

## Toilet Paper Holder

Front or chase mount. In easy-to-clean stainless steel.

## Soap Dish

Your choice! Pick the soap dish to suit your style. Surface mount available in front or chase mount. Recessed available in chase mount. All in easy-to-clean stainless steel.

## Security Grab Bar

Safety is the issue and Norix provides the solution. The Security Grab Bar has a safety gap-filler between the round tube bar and the wall. Styles in stainless steel. Standard sizes in 24", 36" and 42". "L" shape bar also available.

## Clothes Hooks

Single collapsible safety hook or groups of four with optional 8" deep x 18" long bookshelf. Ball and stem style in stainless steel only.
