

Slammer Stool

Slammer Stool Series

# Slammer Stool Series

The Norix Slammer Stool is designed to meet the seating requirements of overcrowded facilities or anywhere portable chairs are needed.

The Slammer Stool is molded in one piece from high impact grade polyethylene making it tamper-resistant and contraband proof. The stool passes the California T.B. 133 Flammability test and is static load tested to withstand over 1200 lbs.

You have two models to choose from, one with a backrest, and both are easily cleaned with standard household cleaning products or steam cleaning. The standard color is grey unless you order 200 or more. Then, you can have any color you want.
