 XB4800PT (48" dia.)
 XB4800GT (48" dia. Game Top)

Overview

Heavy duty durable, tamper-resistant "X" base style. Engineered and suitable for continuous use in an institutional or correctional environment.

Fabrication:

Base: Two interlocking base panels.

Top: Selected material permanently bonded to a core of 45 lb. density particle board with embedded T-nuts for securing top to base.

Material:

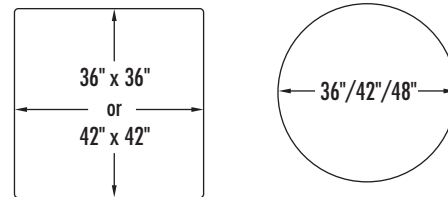

Laminate Base Panels: 1 1/8" thick 45 lb. density particle board, sandwiched between 1/8" thick hardboard and faced both sides with .050" thick high pressure laminate and banded on three exposed edges with heavy duty T-molding that is glued and steel pinned every four inches. An intermediate mounting plate joins the base to the top.

Rotationally Molded Base: Specially formulated fire retardant high impact polyethylene. Openings sealed by the top allow the base to be weighted on-site with clean, dry sand (not included).

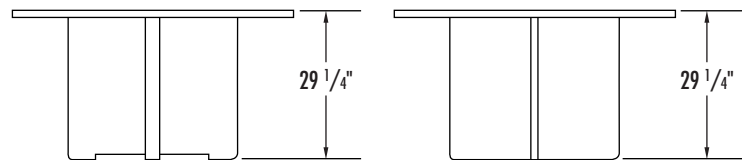

Laminate Top: Decorative high pressure laminate sealed with a specially formulated highly durable Slammer Stone edge. Edge is radiused for safety and pressure fused to the top rendering it permanently non-removable and highly sanitary. 1 1/2" thick edge profile.

NorStone™ Top: Specialty formulated composite, compression molded to create a seamless, one-piece top and edge surface for superior impact resistance and durability. 22% of the material is soy based resin, a renewable raw material with 35% less harmful CO2 contribution and 3,800 BTUs p/ pound of resin less energy than standard petro chemical based equivalents. NorStone table tops can be used toward LEEDs Material & Resources' Rapidly Renewable Materials category, Bio-Preferred and Greenguard. (42" round and square only).

TOP

FRONT

Color:

Base: Black Slate Laminate or Black Polyethylene.

Laminate Top: Wilsonart® Titanium Evolve #4810-60 with black Slammer Stone edge.

NorStone™ Top: Carbon or Quarry.

Weight:

Varies on model. Contact Manufacturer.

Options:

1 1/4" thick laminate top with black vinyl T-mold edge.

Game tops (GT): Checkerboard available on NorStone™ tops.

Checkerboard / backgammon / solitaire available on laminate tops.

Assembly:

Refer to manufacturers instructions for securing top to base.

Installation:

Ballast weighting required on roto-mold base to validate warranty.

Sand ballast not supplied by Norix.

Warranty:

5 year limited replacement warranty.

Maintenance:

Easily cleaned with a damp cloth.

Filing System:

12600 Institutional Furniture

11197 Correctional Furniture
