ENGINEERED TO ENDURE®

NORIX®

Safehouse™ Series

The Safehouse™ Series combines safety and durability – in a homelike all-wood collection. After research and consultation with behavioral healthcare professionals, Norix designed the Safehouse™ collection to provide a warm, yet secure haven for residents – with client safety as the primary consideration. With built-in safety features like sloped tops, rounded edges and concealed joinery, Safehouse™ offers practitioners peace of mind – plus the therapeutic appeal of real wood.

Built to Last

This residential room furniture series is designed and engineered specifically for continuous-use environments. Safehouse™ is constructed to ensure that products will stand up to the demands of your challenging environment. 10-year limited replacement warranty for defects in materials and workmanship.

Platform Bed

Constructed with recessed, 3/4" plywood deck. Non-mar floor glides. Deck is secured to case with tamper-resistant hardware; can be removed to access concealed floor anchoring holes inside case (or select optional non-removable leveler glides).
