Safehouse™ Series

Safehouse™ Series

The Safehouse™ Series combines safety and durability – in a homelike all-wood collection.

After research and consultation with behavioral healthcare professionals, Norix designed the Safehouse collection to provide a warm, yet secure haven for residents – with client safety as the primary consideration. With built-in safety features like sloped tops, rounded edges and SafeJoint™ concealed joinery, Safehouse offers practitioners peace of mind - plus the therapeutic appeal of real wood. Norix exclusive Dura-Ply™ construction ensures that Safehouse products will stand up to the demands of your challenging environment. Sealer coat plus conversion varnish top coat for wear resistance. 5-year limited replacement warranty for defects in materials and workmanship.

Patent pending.

Platform Bed

Model #SHU1104

Dimensions: 82"L x 38 1/2"W x 19 1/8"H

Dura-Ply™ construction with recessed, 3/4" plywood deck. Non-mar floor glides. Deck is secured to case with tamper-resistant hardware; can be removed to access concealed floor anchoring holes inside case (or select optional non-removable leveler glides). Optional headboard #SH110 enhances the residential look. Optional Restraint Kit #SHU0900 is available.

Captain's Bed with Storage Cubbies

Model #SHU1144

Dimensions: 82"L x 38 1/2"W x 19 1/8"H

Same construction and features as the Platform Bed, with two built-in open storage compartments, offset to accommodate a nightstand. Optional Bottom Closure Panel (SHU0401) seals underside of either bed for additional security.

Comfort Shield™ Mattresses

Complete the bed ensemble with a Norix Comfort Shield™ Mattress.

- Institutional-grade mattresses with antimicrobial nylon cover and bedbug-resistant inverted seam construction.
- Available in two versions: Standard foam and foam encased inner spring construction.
- Ships economically with Norix beds.

Nightstand

Model #SH2119

Dimensions: 16"W x 22"D x 26 1/8"H

Safehouse products ship with standard non-mar floor glides, which can be removed to create pilot hole for bolt-down floor mounting. Or, select optional non-removable floor leveler glides. Patent pending.
