### PARTS LIST

Ball Hook Strip or Shelf with Ball Hook

### REQUIRED TOOLS

Wrench

The collapsible hooks have not been set to any pre-determined level of tension at the factory. These instructions describe the method required to set the tension.

1. Locate and tighten (2) threaded nuts per Hook ensuring contact between the nut and lock washer.
2. Test and evaluate the tension to the safety level the user needs
3. Repeat Step 1 as needed to adjust the tension
4. Repeat for remaining Hooks used in the product
