norix[®]
FURNITURE
Engineered to Endure™

New from Norix Furniture, SafeStore Containers and Trash Cans – innovative products that store personal items or house rubbish while limiting hazards and the potential for self-harm in your facility. SafeStore Containers provide a sense of self-determination by allowing those who use them to maintain their possessions in an orderly way. The product also helps facilities maintain a higher level of security when using these containers in tandem with open-storage systems that are hinge-free and ligature-resistant. SafeStore Trash Cans provide facilities a safe alternative to bins that are made of hard materials that create hazards and potential for weaponization.

Sizes	Nightstand	13" x 17" x 6.5" <i>(fits 1 per shelf)</i>
	3-Shelf	17" x 10" x 11" <i>(fits 1 per shelf)</i>
	4-Shelf	17" x 10" x 11" <i>(fits 1 per shelf)</i>
	Open Chest	11" x 14" x 9" <i>(fits 2 per shelf)</i>
	Trash Can	11" x 7" x 12"

- Made with highly durable three-ply polyurethane coated material with no ligature points.
- Material is soft, flexible which helps to avoid it being broken down and used as a weapon.
- Containers are radio frequency welded.
- Easy to clean and are fluid, crack, peel and abrasion resistant.
- Anti-microbial and antifungal.
- Compliant with 16 CFR Part 1632 standards.
- Has an open top which allows staff to easily monitor contents inside.
- Can be re-used as populations in facility alter.
- Containers available in four sizes made to fit our Attenda® Nightstand, Shelves and Open Chest.
